Announced Products

- [Wave Function](#)

Office Location

Foshan, Guangdong

P. R. China

2 Team

Neruthes Management, Game Design, Lore, PR

MIAO_OAIM Software Engineering, Game Design

3 Products

3.1 Wave Function

Introduction Wave Function is a puzzle game about quantum physics. You will do the double-slit experiment and adjust parameters; the interference stripes you produce will determine your score. You must satisfy brightness sensors with peaks and darkness sensors with valleys.
